Special Collaboration Week

EVENT INFORMATION

Special workshops and pop up shops with Japanese traditional metal knitting brand KANAAMI-TSUJI at D.Bespoke from March 10-15, 2015.

【CONCEPT】

Toru Tsuji from **KANAAMI-TSUJI** draws on the traditional craftsmanship of Kyo-Kanaami (metal knitting), a technique used throughout centuries for kitchen utensils, essential to Kyoto cuisine.

“**D.Bespoke**”, managed by **Daiki Kanetaka**, a world-class Japanese bartender, brings its selection of beautifully crafted bar tools to life with his sophisticated cocktails and drinks drawn from traditional craftsmanship.

The two, **Toru** and **Daiki**, who bring their skill and craftsmanship from Singapore to the world, deliver the “spirit of the craftsmen” to the children of the next generation.
